

WANAPUM – MOUNTAIN VIEW 230KV TRANSMISSION LINE PROJECT

Powering the future of Grant County

Grant County Public Utilities District (PUD) is proposing to build a 32-mile, 230kV transmission line from the Wanapum switchyard to the Mountain View substation in Quincy. The new line will bring more electrical capacity to the Quincy area, helping Grant PUD continue to provide reliable power to homes and businesses as demand grows.

We want to hear from you!
